GENE GURR, being first duly sworn, deposes and states as follows:

1.       I am an adult competent to testify about the matters set forth below based upon my personal knowledge. I currently reside in Uintah County, Utah. I have lived in Uintah County 66 years.

2.       I have traveled and am familiar with a road in Uintah County known as the Atchee Ridge Road. I am also familiar with the land the road traverses. When I first used and observed the road in 1955, it followed the same route as in 2006, when I last observed it. Attached is a Uintah County map showing Atchee Ridge Road. To the best of my knowledge and based upon my use of and familiarity with this road and the land it traverses, the location and route of the road are correctly illustrated on the attached map.

3.       I am informed that the County also identifies this road according to the road number listed above.

4.       I have observed that the road has been open to the public for all to use, to come and go as they pleased, since at least as early as 1955 and continuing through 1976 to the present time. During this time period I have observed travel on the road by trucks and other motorized vehicles. During this time period, the road has been used continuously for more than ten years prior to 1976, and is presently used daily.

5. During the time period from 1955 to the present, I have used the road myself for the following uses: hunting, recreation, traveling in and through the area and wood gathering.

6. During the time period described in the previous paragraph, I observed other vehicles using the road at various times for the uses described in the previous paragraph plus livestock operations.

7. It is also the reputation in the community that this road has been open to the public for all to use, to come and go as they pleased, since at least as early as and continuing through 1976 to the present, for the uses described in the previous paragraphs.

8. I observed the following evidence of maintenance/construction activities on the road prior to 1976: I personally observed that the road surface was graded repeatedly in the years since 1955.

DATED this 17 day of October, 2006.
